

CCF-Cheetah Outreach Trust  
14th December, 2009

Dear Dr. Bhagavn Antle:

Thank you so much for the Rare Species Fund's participation and donated activity at Cheetah Outreach's NYC Fundraisers on April 19th, 2008 and November 18th, 2009. Our fiscal agent is the Zoological Society of Florida.

Thank you for your contribution of providing animal rentals for both of these events, including, but not limited to, animal trainers, staff from T.I.G.E.R.S., travel (mileage, wear and tear on the vehicle, health certificates for all animals being provided at fundraiser, all meals while traveling to and back from NYC, permits, liability insurance, lodging, petrol, and car rental). Your donated services, listed at \$20,000 per event (\$40,000 total) were made to the Zoological Society of Florida made in the name of its Cheetah Outreach program. Additionally, 40 stuffed cheetahs you had donated for the event valued at \$1500 are tax deductible for the full amount.

These were very special events and because of your contribution, our profits from these two events were fantastic largely in part to the Rare Species Fund's donated activities. Proceeds from this event will go towards the following programs to help save the fastest land mammal on land:

Hands-on school education programs  
Hosting of teacher workshops  
International teacher fellowships providing skill and capacity-building of teachers from previously disadvantaged communities.  
Development and distribution of curriculum linked resources using the cheetah as a learning tool  
Training of ambassadors for in-situ conservation efforts

Should you have any questions regarding Cheetah Outreach in the future, please do not hesitate to contact me. Thank you again!

Sincere regards,

April Davis
